MEMORANDUM FOR: ADPO

VIA : CPO

SUBJECT : Briefings on OPC Operations

1. On Tuesdays I sit for about two hours in a group made up of Messrs. [REDACTED] (OCI). We go over the week's outstanding pieces of intelligence in anticipation of CIA's participation in General Heckerling's inter-agency Watch Committee which meets on Thursdays. Our purpose is to compare notes on developments, check our opinions with each other, and to inform ourselves where we have missed something of interest. When an intelligence item is related to an OPC operation I point out this relationship.

2. From time to time I am called by OCI before they run an item in their daily digest. A recent example: Ambassador Allan's cable on the leaflets that fell in Serbia.

3. Note that OCI is not represented in this informal committee. Note further that I do not brief the Assistant Directors of the Offices represented. I might add that questions concerning OPC operations nearly always arise at the working level apropos of a specific intelligence report.
